Acland Microvascular Surgery

Robert D. Acland, MBBS, FRCS was a surgeon and academic credited with being one of the pioneers in plastic and reconstructive microsurgery. He was the younger son of Richard Acland and his wife Anne. He developed one of the first microsurgical instruments, the Acland micro-vessel clamp, as well as the 10-0 nylon sutures and needles that are still used today. He published the first edition of Acland's Practice Manual for Micro-vascular Surgery, also known as the "Red Book", a manual on microsurgi

Robert D. Acland - Wikipedia

For cleaning after surgery, we recommend immersion for 30 minutes in hemolytic cleaning solution. When immersing the clamps, hold them open for a moment to wet the inner surfaces. Be sure to slide approximator clamps along the bar, back and forth a few times, to remove any accumulated debris from the sliding units.
