In this Eighth Edition of American Democracy in Peril, author William E. Hudson provides a perceptive analysis of the challenges our democracy faces in the current era: economic crisis, partisan gridlock, rising economic inequality, and continued military conflict in the Middle East and elsewhere. By introducing the history of democratic theory in terms of four "models" of democracy, he provides readers with a set of criteria against which to evaluate the challenges discussed later.

American democracy is precious. When the U.S. Constitution was ratified in 1789, America became the first modern democracy in the world. Its Constitution served as a model for many countries that have since established democracies. But time has moved on and America's democracy no longer ranks as a world model. Why not is well worth considering.

American Democracy - democracy central

Is America a Successful Democracy: A Critical Inquiry by Meagan C. McGowan Overview. This unit is intended to introduce students to the concept of American democracy and the United States Constitution. The original audience for the unit is high school aged United States History students.
