### Architecture and Philosophy: New Perspectives on the Work ...

One reason that architectural ethics is central to philosophy of architecture is that architects' actions bear great influence over other people's moral lives. Architects design structures and environments for people, with concomitant effects on personal behavior, capacity to choose courses of action, and ability to satisfy preferences, visit harm, generate benefit, or exercise rights.

### Philosophy of Architecture (Stanford Encyclopedia of ...

New Perspectives in Philosophy of Education seeks to build a bridge between philosophical reflection and socio-political action by developing a range of critical discussions in the areas of ethics, politics and religion. This volume brings together established authorities and a new generation of scholars to ask whether philosophy of education can contribute to political and social discourse ...

### New Perspectives in Philosophy of Education: Ethics ...

As it was noted by postmodern philosopher Michel Foucault, the architecture is able to set the life of society, and therefore it is particularly important for understanding of the person's values and culture.In "Discipline and Punish," Foucault analized contemporary culture through architecture project of principally new prison Panopticon.The point of this project by Jeremy Bentham was to ...

### Philosophy of architecture - Wikipedia

Philosophy and the Tradition of Architectural Theory While philosophy of architecture is relatively new as a growing sub-discipline, we can look to a two-millennia old tradition of theoretical treatises in architecture (in the West; other traditions are older still) as raising key conceptual issues.

### Philosophy of Architecture > Philosophy and the Tradition ...

Philosophy for Architects is an engaging and easy-to-grasp introduction to philosophical questions of interest to students of architectural theory.Topics include Aristotle's theories of "visual imagination" and their relevance to digital design, the problem of optical correction as explored by Plato, Hegel's theory of zeitgeist, and Kant's examinations of space and aesthetics, among others.
