Most free books on Google Play are new titles that the author has self-published via the platform, and some classics are conspicuous by their absence; there's no free edition of Shakespeare's complete works, for example.

Consilium Ecdis Manual

The Selesmar ECDIS is an extremely powerful navigation and information display system enabling radar video overlay. This combined with display of AIS data provides the professional mariner with the complete navigational situation on one display eliminating the need to reference and appraise information from multiple sources - charts, navigational sensors, radar, ARPA, etc.
