Diet for a Small Planet | Small Planet Institute

Diet for a Small Planet is a 1971 bestselling book by Frances Moore Lappé, the first major book to note the environmental impact of meat production as wasteful and a contributor to global food scarcity. She argued for environmental vegetarianism—practicing a vegetarian lifestyle out of concerns over animal-based industries and the production of animal-based products.

Diet for a Small Planet by Frances Moore Lappe, Marika ...

Frances Moore Lappé originally published Diet for a Small Planet in 1971, and twenty years later, republished it with additional/updated information and clarified statements. Apparently she got some flack for being “too political,” but I think that’s kind of the point she was getting at with this book: choosing where and what you eat is a political act.
