However, the ecofeminist movement seems to have lost its momentum after the 1980s when scholars and activists critiqued the lack of intersectional analyses of race, class, and ability within the mainstream ecofeminist world-view, pointing out that orthodox ecofeminism tends to ignore most women. As the lore goes, environmental activists such as scholar Gwyn Kirk—co-editor of Gendered Lives ...

Intersections of Value investigates the universal human need for aesthetic experience. It examines three appreciative contexts where aesthetic value plays a central role: art, nature, and the everyday. However, no important appreciative context or practice is completely centered on a single value. Hence, the book explores the way the aesthetic ...

Ecofeminism as materialist is another common dimension of ecofeminism. A materialist view connects some institutions such as labor, power, and property as the source of domination over women and nature. There are connections made between these subjects because of the values of production and reproduction.
