When you jump, both feet leave the ground at the same time, as in jumping on a trampoline. Pike and Tuck. Learned on the floor as fundamental positions, the pike and tuck are the most basic of jumps. The tuck jump is simply a tuck of the knees under the chest in the air. The tuck jump develops into a front tuck, otherwise known as a front flip.

(And the) Technical Element Score (TES): The points awarded for the required elements in a figure skating program, including jumps, spins, footwork, or lifts (defined in more detail below).

All Figure Skating Jumps, Spins, and Moves, Defined ...

Figure skating jumps are an element of three competitive figure skating disciplines—men's singles, ladies' singles, and pair skating but not ice dancing. Jumping in figure skating is "relatively recent". They were originally individual compulsory figures, and sometimes special figures; many jumps were named after the skaters who invented them or from the figures from which they were developed.

A USA Cycling Coach: To Jump or Not To Jump? - Indoor ...

It is a difficult jump because it is counter-rotational, which means that the skater sets it up by twisting in one way and jumping in the other. Many skaters "cheat" the jump because they are not strong enough to maintain the counter-rotational edge, resulting in taking off from the wrong edge.

Lutz jump - Wikipedia

Workouts, Routines, Profiles and Music Ideas for Your Next Jump or Lift Drill for Indoor Cycling. Jumps. That word in the indoor cycling and spinning world has become so polarized and politicized by the various "camps" that you dare not even bring it up! And that is itself is sad. Lots of finger wagging.

The PIC®Skate Company

Do a front flip by jumping, tucking, spinning forward, and landing. Try learning to land on your back, knees, and feet for the front flip. Try to get a good height to your jump to give yourself more room to complete the flip before you land again. Stay in the same spot when you jump rather than jumping forward at an angle.
