Before we begin, we need to put leadership theory and practice in the context of history, to understand how the field of study has evolved. The earliest theories of leadership were the Great Man Theories, which emerged in the late 1800s.

## **5 Leadership Theories & How to Apply Them**

Leaders can test different theories, or different pieces of theories, in the petri dish of their own companies, to find what works for them. And when something isn't working in a company or on a team, the leadership theories here can help identify places where a shift in approach might lead to better results.

## **Leadership Theories & How to Use Them | Applying ...**

It's important to know for the context of other leadership theories but, in practice, it's best to stay away from Great Man Theory. Trait theory. In my previous post solely looking at the behavioral theory of leadership I implied that trait theory was the same as the great man theory. This wasn't entirely accurate.
